SECTION B - SUPPLIES OR SERVICES AND OFFEROR'S PRICES

The United States District Court for the District of Colorado is soliciting a vendor to provide substance abuse and/or mental health treatment services. A Vendor must be capable of providing services within a geographic area encompassing *Mesa County*.

As a result of this solicitation the Government intends to enter into a Blanket Purchase Agreement (BPA). For this BPA, one vendor is needed to provide the required services. The Government reserves the right to award to a single vendor.

A Blanket Purchase Agreement is a “charge account” arrangement, between a buyer and a seller for recurring purchases of services. BPAs are not contracts and do not obligate government funds in any way. A contract occurs upon the placement of a call or referral from the Probation/Pretrial Services Office and the vendor’s acceptance of the referral. Referrals will be rotated among all the vendors on the BPA. BPAs are valid for a specific period of time, not to extend beyond the current fiscal year. The total duration of this BPA, including the exercise of two 12-month options, shall not exceed 36 months. BPAs will be issued to those vendors determined to be technically acceptable and offering the lowest cost to the Government, using the Evaluation Criteria established in Section M of the Request for Proposal.

Section B is generic and used nationwide to procure the particular needs of each U. S. Probation/Pretrial Services Office. For this solicitation, only those services marked by an "X" under the Required Services column are being solicited. Offerors shall propose on only the required services. Services proposed, but not marked as required, will not be evaluated or included under any resultant agreement. Offerors failing to provide offers on all required services marked, will be considered technically unacceptable.

Note: Estimated Monthly Quantities (EMQs) represent the total monthly quantities to be ordered per service item under the BPA. Each vendor placed on the BPA may receive a share of the total quantity stated. However, EMQ’s are estimates only and do not bind the government to meet these estimates.

An asterisk * indicates a requirement line item which has been modified under “Local Services.”

MANDATORY REQUIREMENTS

For Project Codes in Section B, the corresponding paragraphs in this statement of work shall be considered mandatory requirements, as well as the sections listed below:

- A. Defendant/Offender Reimbursement and Co-payment
- B. Deliverables
- C. Notifying USPO/USPSO of Defendant/Offender Behavior
- D. Staff Requirements and Restrictions
- E. Facility Requirements
- F. Local Services (if applicable)

1. Urine Collection, Instrumented Testing and Reporting (1010)

The vendor shall perform the following procedures related to the collection, testing and reporting of urine specimens:

a. Storage of Urinalysis Supplies

The vendor shall:

- (1) Store all urinalysis supplies in a secure area with access limited only to authorized vendor employees involved in the collection process.
- (2) Prevent defendant/offender access to the secure storage areas.

b. Secure Collection Area

The vendor shall:

- (1) To the extent possible provide a lavatory only for collecting urine specimens that is not used by staff or others not providing urine specimens.
- (2) If the lavatory is used by others not providing a urine specimen the vendor shall:
 - (a) Limit the possibility of any interference with the collection process or adulteration of the specimen; and
 - (b) Limit access during the collection process to only those involved in the collection of urine specimens.

c. **Safety Precautions and Collector Training.**

- (1) The vendor shall ensure that collectors receive appropriate detailed training that includes a review of the federal OSHA Bloodborne Pathogen regulations (29 C.F.R. 1910.1030). The vendor shall document such training in their personnel file and the employee must certify they have received and understand such training. The vendor shall provide the documentation to the USPO/USPSO upon request.
- (2) The vendor shall ensure that all personnel handling urine specimens wear disposable gloves designed for protection against bio-hazards, and are familiar with standard precautions for handling bodily fluids.

d. **General Urine Specimen Collection Procedures**

- (1) The vendor shall ensure defendants/offenders:
 - (a) Remove jackets, coats and large pocket items before entering the collection area.
 - (b) Leave purse or other carried items outside the collection area, or in the control of the specimen collector.
 - (c) Rinse their hands in cold water and thoroughly dry them prior to voiding to remove any adulterant from under the fingernails or on the skin.
 - (d) Roll up long-sleeved shirts or blouses so the collector can examine defendant/offender's arms to detect tampering devices or adulterants.
- (2) The vendor shall ensure that the collectors:
 - (a) Verify the identity of the defendant/offender by means of a state driver's license, state identification or other acceptable form of photo identification.
 - (b) Collect specimens from only one donor at a time. Both the donor and the collector shall keep the specimen bottle/container in view at all times prior to it being sealed and labeled.
 - (c) Complete a Chain of Custody or NIDT Collection Form (provided by the USPO/USPSO) before a defendant or offender voids

following the chain of custody procedures, and then unless the vendor is using an NIDT that yielded a negative result, peel the Barcode label from the Chain of Custody form and place it on the bottle.

- (d) Collect a minimum of 30 milliliters of urine to allow the laboratory to conduct the initial presumptive screen and confirmation tests. A specimen with less than 10 milliliters of urine is not acceptable for testing and shall not be submitted as the laboratory will not test it due to insufficient quantity.
- (e) Not flush urinals until the collection is completed and the defendant/offender has left the urinal area (a coloring agent is not necessary).
- (f) Observe and document any indication (unusual color, odor) of specimen dilution and/or adulteration, or any unusual collection events or discrepancies.
- (g) Screw the top on the bottle or ensure the defendant/offender tightly screws the top on the bottle, and that the top is secure to the bottle and is not leaking.
- (h) Review the temperature of the specimen to determine if it is near body temperature, if applicable. The temperature of the specimen should be measured within 4 minutes of collection and should be within a range of 90 - 100 degrees.
- (i) Use a tamper evident seaming system (e.g., tape) across the top of the bottle cap and down the sides of the bottle, and initial the evidence tape. (This procedure is not mandatory for NIDTs when an instant negative result is obtained and no further testing will be done on that sample).
- (j) Sign the Specimen Collection Statement of the Chain of Custody Form. This is not mandatory for NIDTs when an instant negative result is obtained and no further testing will be done on that sample.
- (k) Have the defendant/offender sign or initial the Chain of Custody Form. This is not mandatory for NIDTs when an instant negative result is obtained and no further testing will be done on that sample. The donor and collector shall not sign the certification

area of the form until the collection process is completed.

e. **Observed Urine Specimen Collection Procedures**

The vendor shall:

- (1) Directly observe defendants/offenders voiding into a specimen collection container. Collectors observing the voiding process shall be the same gender as the defendant/offender providing the specimen (no exceptions).
- (2) The use of mirrors is acceptable if the mirrors aid the collector in viewing the voiding process. The USPO/USPSO must approve such use of mirrors.
- (3) Notify the USPO/USPSO within 24 hours if the defendant/offender fails to report for a drug test or does not provide a urine specimen that is suitable for testing (e.g., an insufficient amount, stall, adulterated).

f. **Unobserved Urine Specimen Collection Procedures**

The vendor shall perform the following urine specimen collection procedures if circumstances prevent the observed collection of a specimen. The vendor shall ensure that collectors:

- (1) Take unobserved specimens **only** when the defendant/offender and the collector are not of the same gender or it is virtually impossible to collect an observed specimen.
- (2) Clearly document on the Chain of Custody Form or NIDT Collection Form any unobserved collection.
- (3) When using NIDTs for unobserved collection of a specimen, ensure that an adulteration test is performed that at a minimum includes temperature, pH and specific gravity tests. Adulteration test panels are performed on all specimens sent to the national laboratory for testing.
- (4) Use a temperature strip to measure urine specimen temperatures which should range between 90 and 100 degrees Fahrenheit. The time from voiding to temperature measurement is critical and in no case shall exceed 4 minutes.
- (5) Obtain a second specimen from defendants/offenders whose urine specimen temperature is outside the range in (4) above.

- (6) Place a blue or green colored toilet bowl cleaner or coloring agent in the commode to deter dilution of the specimen with commode water.
- (7) Pour the coloring agent into the bowl when using commodes without holding tanks (e.g., commercial commodes).
- (8) Follow all general collection procedures in subsection d above.
- (9) Secure any source of water in the area where the collection occurs, by either shutting off the water or securing its access with tamper evident tape.
- (10) Remove and/or secure any agents that could be used in an attempt to adulterate the specimen, such as soaps, cleaners and deodorizers.

g. **Urine Specimen Mailing and Storage** (For specimens shipped or transferred to contract national drug testing laboratories or on-site instrumented drug testing laboratories).

The vendor shall ensure that:

- (1) Every specimen shipped or transferred to a testing facility is contained in a bottle or container specifically designed to withstand the rigors of transport. All bottles and containers shall be provided by the Government. NIDT cups/bottles may only be used for shipping with the advanced approval of OPPS. Vendors shall seek approval for each type of NIDT device intended for shipping.
- (2) The collector places the specimen and corresponding Chain of Custody Form or NIDT collection form in the approved shipping container and places such containers in the custody of an approved delivery service or courier;
- (3) The collector notifies the shipper/delivery service/courier that specimen(s) are ready to be delivered to the laboratory. This notification shall be given no later than the close of business the day the specimens are collected.
- (4) Urine specimens are refrigerated if specimens are retained and not shipped the same day.
- (5) Refrigerated urine specimens are not retained **longer than** 48 hours before they are sent to the laboratory. If urine specimens are retained longer than 48 hours the specimens must be frozen.

- (6) Urine specimens are stored in a secure area or locked refrigerator/freezer with access limited only to collectors or other vendor authorized personnel. The refrigerator temperature shall not exceed 43 degrees Fahrenheit and its temperature should be periodically monitored and documented.

h. **“No Test” Policy**

The urinalysis laboratories under contract with the AOUSC **will only test** urine specimens if all of the following conditions are met.

- (1) The specimen bottle contains no less than 10 milliliters of urine.
- (2) The specimen security seal or tamper evident system (e.g., tape) is present and intact.
- (3) The specimen bar code label is present.
- (4) The specimen is accompanied by the Chain of Custody Form.
- (5) The specimen identifier (i.e., bar code number) on the bottle is identical to the number on the Chain of Custody Form.
- (6) The collector’s signature is on the Chain of Custody Form.

When any of the above conditions are not met, “No Test” will be stamped on the request report form and the reason for the no test will be checked or written in the space provided. Specimens that cannot be tested will be discarded. The vendor shall ensure that **all** of the above conditions are present for specimens sent to the national drug testing laboratories for testing.

i. **Random Urine Specimen Collection Procedures**

The vendor shall provide random urine specimens collections in accordance with the following:

- (1) **Urine Collection Phases**
The frequency of testing for defendants/offenders shall follow the Three Phase Program, which requires a minimum of three (3) random tests with less than 24 hours notice per month during Phase I; a minimum of two (2) such tests monthly during Phase II; and a minimum of one (1) such test monthly during Phase III. The length of the phases is determined by the USPO/USPSO and can range from 60 days to 6 months. If a defendant or

offender tests positive, more frequent urine collections may be required.

- (2) The vendor shall collect random urine specimens when the defendants/offenders have less than 24 hours notice that a urine specimen is to be submitted.
- (3) The vendor shall not alter a randomly scheduled urine collection without the approval of the USPO/USPSO. The frequency of random urine collections shall be determined and authorized by the Program Plan (Probation Form 45).
- (4) Upon request of the USPO/USPSO the vendor shall develop and operate an automated phone notification system for random urine collections. The vendor shall obtain the approval of the USPO/USPSO for the design and operation of the phone-based system before putting it into use.

j. Urine Specimen Collection Records and Reports

(1) Urinalysis Testing Log

The vendor shall maintain a log approved by the USPO/USPSO for all urinalysis specimens collected which shall indicate:

- (a) Defendant's or offender's name and PACTS number.
- (b) Collection Date
- (c) Specimen ID/Chain of custody (bar code) number.
- (d) Drugs or medications prescribed and date taken.
- (e) Collector's initials.
- (f) Special tests requested, and
- (g) Test results and date received (if applicable)
- (h) Co-pay collected (if applicable)

NOTE: Allowing anyone undergoing treatment to see the names or signatures of defendants/offenders violates federal confidentiality regulations regarding disclosure of drug or alcohol treatment records.

k. National Contract Urinalysis Laboratories

Urine specimens are analyzed under a separate contract with the AOUSC. The vendor shall notify the USPO/USPSO of positive specimen results reported from a national laboratory within 24 hours. Upon award, the USPO/USPSO shall notify the vendor that it uses a national contract testing laboratory and provide supplies and instructions for the shipping and handling of specimens.

1. **Onsite Screening Urinalysis Laboratory**

Urine specimens are analyzed by onsite laboratories at some locations in probation and/or pretrial services offices. Specimens sent to these facilities shall be processed in the same manner as listed above. Upon award, the USPO/USPSO shall notify the vendor that it uses an on-site testing laboratory and provide supplies and instructions for the shipping and handling of specimens.

2. **Urine Collection/Testing - Non-instrumented Drug Testing Devices (NIDTs) (1011):**

The USPO/USPSO shall provide NIDT devices to the vendor. The vendor shall use the previously stated general specimen collection procedures and the following testing procedures:

a. **Urine Testing**

The vendor shall:

- (1) Ensure that personnel who perform drug testing using NIDTs have documented training by the device manufacturer or their designee, certification of successful completion of the training, and demonstrated proficiency in the use of the test device(s).
- (2) Test for drug(s) only as directed by the USPO/USPSO, using only devices provided by the USPO/USPSO.
- (3) Perform test(s) according to the manufacturer's procedures with the defendant/offender observing the process.
- (4) Record the NIDT test result on the Urinalysis Log and an NIDT log (provided and/or approved by USPO/USPSO) if applicable.
- (5) Notify the USPO/USPSO within 24 hours of positive specimen results, if the defendant/offender fails to report for a scheduled drug test, or does not provide a urine specimen that is suitable for testing (e.g., an insufficient amount, stall, adulterated).
- (6) Send specimens to the national drug testing laboratories under the explicit instruction of the USPO/USPSO, using the procedures outlined on Section (1)(g) above.

b. **Specimen Processing**

- (1) If the test(s) is negative the vendor shall:
 - (a) Discard the urine specimen by flushing urine down the toilet. Rinse the emptied bottle. Urine is not considered biohazardous waste.
 - (b) Discard the test device in compliance with federal, state and local regulations. The test device or any other solid waste exposed to urine as a part of the collection and testing process may require biohazard disposal. If such disposal is required, the vendor shall ensure it is conducted in compliance with federal, state and local regulations.
 - (c) Log the result(s) on the approved urinalysis log(s) mentioned above.
- (2) For a presumptive positive test result(s), the vendor shall:
 - (a) Remind the defendant/offender that the test(s) result is presumptive, and will be reported to the assigned officer.
 - (b) At the direction of the USPO/USPSO, prepare the specimen(s) to send to the national laboratories by transferring the specimen(s) to a national laboratory bottle and completing the Chain of Custody Form(s). All bottles and containers shall be provided by the Government. Once transfer of the specimen is completed, the vendor shall discard the NIDT device(s). Send the specimen(s) to the national laboratory within 48 hours unless otherwise instructed by the USPO/USPSO.
 - (c) Within 24 hours of the presumptive test result notify the USPO/USPSO by telephone and/or fax and document that the notification was done in the defendant/offender's file.

If the defendant/offender refuses to sign the Chain of Custody form, the vendor shall:

- (d) Note the refusal on the Chain of Custody form and instruct the defendant/offender to personally contact his/her assigned USPO/USPSO immediately to provide notification of their refusal to sign the form.

- (e) Within 24 hours, notify the USPO/USPSO of the defendant/offender's refusal to sign the form.
- (f) Ensure the collectors do not insist that the defendant/offender sign the Chain of Custody Form. The vendor shall record the defendant/offender's refusal to sign on the Chain of Custody Form and in the defendant/offender file (the specimen will be tested by the national laboratory even if the defendant/offender fails to sign the form).

c. **Drug Testing Invoicing (NIDTs)**

The vendor shall:

- (1) Invoice only one unit of NIDT (PC 1011) per defendant/offender per tested specimen. For example, if the NIDT device **does not** provide a test result or the test result is not readable, the test shall be conducted using another NIDT device at no additional charge to the government. This may occur approximately five percent of the time when using NIDT devices. The vendor shall include the "multiple test" factor in the unit price for this service.
- (2) Charge only one NIDT (PC 1011) to the Government if the specimen is also sent to a national laboratory. Charging for **PC 1010**-(urine collection) and PC 1011 for the same specimen is not permitted. The vendor may include the additional work related to sending a specimen to a national laboratory and reporting the result in the unit price (PC 1011) for this service. Approximately one out of ten samples will be prepared for mailing to a national laboratory, but not all samples will be sent because defendants/offenders will admit drug use.

3. **Sweat Patch Application and Removal (1012):**

The sweat patch is a white absorption pad, covered with a polyurethane dressing that acts as a storage device for illicit drugs released from the body in sweat. It is used to monitor defendants/offenders for extended periods of time, or to test defendants/offenders who have difficulty voiding due to documented medical conditions. Patches will be supplied by the USPO/USPSO. If USPO/USPSO approves the vendor's use of the sweat patch on the Form 45, the vendor shall use the following procedures for the application, removal, and testing process of the sweat patch:

a. **Staff Training**

The vendor shall ensure that their staff is trained in the sweat patch procedures before applying or removing a patch. The staff should view the video presentation, read the sweat patch training manual provided by the USPO/USPSO, take and pass the certification test provided by the sweat patch vendor, and perform the procedures contained in this section of the statement of work. The vendor shall document training for personnel it authorizes to apply and remove sweat patches. This documentation must include a certificate from the sweat patch vendor which indicates a successful completion of the certification test.

b. Storage

The vendor shall:

- (1) Ensure patches are stored in a secure area with access limited to only collectors or other authorized vendor personnel.
- (2) Ensure patches are stored at temperatures between 36 and 78 degrees Fahrenheit.

c. Safety Precautions

The vendor shall:

- (1) Ensure the integrity of the collection process and make every effort to eliminate the possibility of external contamination. Staff shall wear gloves while applying and removing the patch and avoid touching the collection pad during the process.
- (2) Ensure that a witness is present when the defendant/offender and the collector are of opposite gender.

d. Sweat Collection and Duration of Sweat Patch Use

The vendor shall:

- (1) Ensure that the patch is worn for a minimum of 24 hours and a maximum of 10 days.
- (2) Immediately collect a urine specimen and report to the USPO/USPSO within 24 hours if a defendant/offender reports with a sweat patch that is falling off, has fallen off, or is missing. The vendor shall stop using a

sweat patch on defendants/offenders who continue to experience difficulties in retaining the patch on their skin. The vendor shall report to the USPO/USPSO within 24 hours if it has discontinued use of a sweat patch.

e. **Sweat Patch Application**

The vendor shall:

- (1) Advise the defendant/offender that the patch may be placed on the upper arm, the lower back, or the front kidney area. Ask the defendant/offender where they would prefer to have the patch applied. Apply the patch on the preferred location, but avoid placement on tattooed, abraded, cut, irritated or sensitive skin.
- (2) Direct the defendant/offender to clean the area with soap and cool water or with a disposable towelette. An abrasive pad may be used to clean dry skin and dirt.
- (3) Wearing disposable gloves, the collector shall clean the skin by using an alcohol wipe. Repeat the cleansing if the wipe is dirty. Allow the area to dry for approximately 90 seconds to avoid alcohol burns to the skin.
- (4) Have the defendant/offender flex the upper arm for arm placement, bend forward slightly at the waist for back placement, or bend slightly backward at the waist for front kidney placement. Place the patch on skin and press firmly to promote proper adhesion. Pull parallel to the skin when removing the paper border, not outward and up from the patch. Services that the vendor proposes to refer to other service providers shall be considered subcontracting. The vendor (prime contractor) may subcontract the provision of treatment services to other service providers (subcontractors). After award, any proposed subcontractor arrangements or changes to the existing subcontractor arrangements are subject to the Contracting Officer's approval, and shall be submitted in writing to the Contracting Officer at least 30 days in advance of the proposed subcontracting arrangement or change. The Contracting Officer will respond promptly with written approval or disapproval. The prime contractor shall not refer defendants/offenders to any other vendor that has not been approved by the Contracting Officer in writing. The government reserves the right to revoke approval of any subcontractor at any time that does not meet the requirements of this contract/agreement.

The prime contractor is responsible to the judiciary for overall performance of the services required under this contract/agreement. If any services are subcontracted, the prime contractor shall ensure that the subcontractor is complying with the requirements of this contract/agreement, including the qualifications of any personnel providing services; the possession and maintenance of all appropriate state and local licenses in compliance with state and local regulations; and the appropriate documentation demonstrating compliance with all federal, state and local fire, safety and health codes. The prime contractor shall ensure that subcontractors are not debarred, suspended, or ineligible to perform under federal contracts.

A subcontractor has no contractual rights, known as privity of contract, against the judiciary. However, the subcontractor may have rights against the prime contractor.

Upon contract termination, the contractor must, except as otherwise directed by the CO, terminate all subcontracts to the extent that they relate to performance of the work terminated.

I.3. Clause 2-90D, Option to Extend the Term of the Contract - (JAN 2003)

- (a) The judiciary may extend the term of this contract by written notice to the contractor within 30 calendar days prior to the then current expiration date of this contract; provided that the judiciary gives the contractor a preliminary written notice of its intent to extend at least 60 calendar days before the contract expires. The preliminary notice does not commit the judiciary to an extension.
- (b) If the judiciary exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 3 years.

I.4 Clause 2-90C, Option to Extend Services - (JAN 2003)

The judiciary may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The contracting officer may exercise the option by written notice to the contractor within 30 calendar days prior to the then current expiration date of this contract [insert the period of time within which the contracting officer may exercise the option].

Preparation of Narrative Statement - AOUSC 1997 (Attachment A)

It is imperative that this section be completed in such detail so as to determine that the offeror has met the mandatory requirements. A general statement that the offeror will comply with RFP requirements is not sufficient. In the **NARRATIVE STATEMENT** the offeror shall:
 - a. describe, **service by service**, how the offeror will provide each of the services requested in Section B and described in Section C, including local services, of this document.

2. In the **BACKGROUND STATEMENT** the offeror shall:
 - a. provide copies of all monitoring reports for the previous 18 months from federal, state and local agencies. be considered technically acceptable a vendor must have received ratings of satisfactory or higher. Monitoring reports for proposed subcontractors are not required; however, onsite evaluations will be individually performed for all subcontractors.

- b. state expressly each location at which the offeror and any proposed subcontractors intend to provide services in response to this solicitation. Describe the physical facility(s) (interior and exterior) at which services will be provided. The description shall be in such detail to determine that the offeror will comply with the mandatory requirements of Section E of this solicitation document.
 - c. include copies of all building, state, and local licenses and inspection reports for the preceding 18 months, and/or state certifications where appropriate. Offerors are not required to provide copies of the aforementioned documentation for proposed subcontractors; however, the offeror is responsible for ensuring that proposed subcontractors have appropriate state and local licenses and certifications and are in compliance with state and local regulations.

L.2 Provision 3-100, Instructions to Offerors - (JAN 2003)

- (a) *Definitions* As used in this provision:
- "Discussions" are negotiations that occur after establishment of the competitive range that may, at the contracting officer's discretion, result in the offeror being allowed to revise its offer.
- In writing, "writing," or "written" means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.
- "Offer modification" is a change made to an offer before the solicitation's closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.
- "Offer revision" is a change to an offer made after the solicitation closing date, at the request of or as allowed by a contracting officer as the result of negotiations.
- "Time," if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period will include the next working day.
- (b) *Amendments to solicitations* If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s).
- (c) *Submission, modification, revision, and withdrawal of offers*
- (1) Unless other methods (e.g., electronic commerce or facsimile) are permitted in the solicitation, offers and modifications to offers shall be submitted in paper media

in sealed envelopes or packages (i) addressed to the office specified in the solicitation, and (ii) showing the time and date specified for receipt, the solicitation number, and the name and address of the offeror. Offerors using commercial carriers shall ensure that the offer is marked on the outermost wrapper with the information in paragraphs (c)(1)(i) and (c)(1)(ii) of this provision.

- (2) The first page of the offer shall show:
 - (i) the solicitation number;
 - (ii) the name, address, and telephone and facsimile numbers of the offeror (and electronic address if available);
 - (iii) a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;
 - (iv) names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the offeror's behalf with the judiciary in connection with this solicitation; and
 - (v) name, title, and signature of person authorized to sign the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.

- (3) *Submission, modification, revision, and withdrawal of offers*
 - (i) Offerors are responsible for submitting offers, and any modifications or revisions, so as to reach the judiciary office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated judiciary office on the date that offer or revision is due.
 - (ii) (A) Any offer, modification, or revision received at the judiciary office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the contracting officer determines it's in the judiciary's best interest, the contracting officer determines that accepting the late offer would not unduly delay the procurement, and:
 - (1) if it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the judiciary infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
 - (2) there is acceptable evidence to establish that it was received at the judiciary installation designated for receipt of offers and was under the judiciary's control prior to the time set for receipt of offers; or
 - (3) it is the only offer received.

- (ii) (B) However, a late modification of an otherwise successful offer that makes its terms more favorable to the judiciary, will be considered at any time it is received and may be accepted.
 - (iii) Acceptable evidence to establish the time of receipt at the judiciary installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of judiciary personnel.
 - (iv) If an emergency or unanticipated event interrupts normal judiciary processes so that offers cannot be received at the office designated for receipt of offers by the exact time specified in the solicitation, and urgent judiciary requirements preclude amendment of the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal judiciary processes resume.
 - (v) Offers may be withdrawn by written notice received at any time before award. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before award, subject to the conditions specified in the JP3 Provision, "Facsimile Offers." Offers may be withdrawn in person by an offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award.
- (4) Unless otherwise specified in the solicitation, the offeror may propose to provide any item or combination of items.
- (5) Offerors shall submit offers in response to this solicitation in English and in U.S. dollars.
- (6) Offerors may submit modifications to their offers at any time before the solicitation closing date and time, and may submit modifications in response to an amendment, or to correct a mistake at any time before award.
- (7) Offerors may submit revised offers only if requested or allowed by the contracting officer.
- (8) Offers may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the contracting officer.
- (d) *Offer expiration date* Offers in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the offeror).
- (e) *Restriction on disclosure and use of data* Offerors that include in their offers data that they do not want disclosed to the public for any purpose, or used by the judiciary except for evaluation purposes, shall:

- (1) mark the title page with the following legend:

This offer includes data that shall not be disclosed outside the judiciary and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this offer. If, however, a contract is awarded to this offeror as a result of-or in connection with-the submission of this data, the judiciary shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the judiciary's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*]; and

- (2) mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this offer.

(f) *Contract award*

- (1) The judiciary intends to award a contract or contracts resulting from this solicitation to the responsible offeror(s) whose offer(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
- (2) The judiciary may reject any or all offers if such action is in the judiciary's interest.
- (3) The judiciary may waive informalities and minor irregularities in offers received.
- (4) The judiciary intends to evaluate offers and award a contract without discussions with offerors (except clarifications). Therefore, the offeror's initial offer shall contain the offeror's best terms from a price or price and technical standpoint. The judiciary reserves the right to conduct discussions if the contracting officer later determines them to be necessary. If the contracting officer determines that the number of offers that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of offers in the competitive range to the greatest number that will permit an efficient competition among the most highly rated offers.
- (5) The judiciary reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit price or prices offered, unless the offeror specifies otherwise in the offer.
- (6) The judiciary reserves the right to make multiple awards if, after considering the additional administrative prices, it is in the judiciary's best interest to do so.
- (7) Exchanges with offerors after receipt of an offer do not constitute a rejection or counteroffer by the judiciary.

- (8) The judiciary may determine that an offer is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of price or price analysis techniques. An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the judiciary.
- (9) If a price realism analysis is performed, price realism may be considered by the source selection authority in evaluating performance or schedule risk.
- (10) A written award or acceptance of offer mailed or otherwise furnished to the successful offeror within the time specified in the offer shall result in a binding contract without further action by either party.
- (11) The judiciary may disclose the following information in postaward debriefings to other offerors:
 - (i) the overall evaluated price or price and technical rating of the successful offeror;
 - (ii) the overall ranking of all offerors, when any ranking was developed by the judiciary during source selection;
 - (iii) a summary of the rationale for award; and
 - (iv) for procurements of commercial items, the make and model of the item to be delivered by the successful offeror.

A vendor shall be determined to be technically acceptable if they can fulfill the mandatory requirements found in Sections C, E, F, and G of the Request for Proposals (RFP). If the solicitation document identifies that BPA's will be established with a specified number of vendors, the selection of technically acceptable vendors shall be based on price. For example, if a solicitation document identifies that 4 to 6 vendors are needed to provide services and 10 vendors are determined to be technically acceptable, awards will be made to no more than 6 of the lowest priced vendors.

Proposals that do not meet all the requirements of the RFP will receive no further consideration. Proposals that take exception to the terms and conditions will be determined technically unacceptable and the offeror will be so advised.
