SECTION B - SUPPLIES OR SERVICES AND OFFEROR'S PRICES

The United States District Court for the District of Colorado is soliciting a vendor to provide substance use, mental health, and/or sex offender treatment services. A vendor must be capable of providing services within a geographic area encompassing Lakewood, Colorado.

As a result of this solicitation the Government intends to enter into a Blanket Purchase Agreement (BPA). For this BPA, approximately 1 to 2 vendors are needed to provide the required services. The Government reserves the right to award to a single vendor. If the Government awards to more than one vendor, each vendor placed on the BPA will receive a share of the total quantity of Estimated Monthly Quantities stated.

A Blanket Purchase Agreement is a “charge account” arrangement, between a buyer and a seller for recurring purchases of services. BPAs are not contracts and do not obligate government funds in any way. A contract occurs upon the placement of a call or referral from the Probation/Pretrial Services Office and the vendor’s acceptance of the referral. In the event the Government has awarded to more than one vendor on a BPA, referrals will be rotated among all the vendors on the BPA. BPAs are valid for a specific period of time, not to extend beyond the current fiscal year. The total duration of this BPA, including the exercise of four 12-month options, shall not exceed 60 months. BPAs will be issued to those vendors determined to be technically acceptable and offering the lowest cost to the Government, using the Evaluation Criteria established in Section M of the Request for Proposal.

Section B is generic and used nationwide to procure the particular needs of each U. S. Probation/Pretrial Services Office. An asterisk * indicates a requirement line item which has been modified under “Local Services.” Offerors shall submit pricing and proposal information related to only the required services. Services proposed, but not required, will not be evaluated or included under any resultant agreement. Offerors failing to provide pricing on all identified project codes (with the exception of actual cost or administrative fees), will be considered technically unacceptable.

Note: the fiscal year for the federal Government begins on October 1 of one calendar year through September 30 of the next. Pricing shall include the base fiscal year, as well as pricing for each fiscal option year.

Note: Estimated Monthly Quantities (EMQs) represent the estimated total monthly quantities to be ordered per project code. However, EMQ’s are estimates only and do not bind the government to meet these estimates.

Use a Trauma Informed Approach being aware of the prevalence and impact of trauma, and how it may affect behavior and treatment engagement.
- e. Practitioners shall maintain professional judgment and objectivity, regardless of personal feelings or beliefs about a defendant/person under supervision or their charge(s)/conviction(s). - h. The content of sex offense treatment (6012, 6022, 6032 and 6090) shall be designed to and include:

Primary Treatment Phase:

In cooperation with the supervising officer, treatment methods should incorporate the results of the Post-Conviction Risk Assessment (PCRA) and information gained from polygraph examinations, including sexual history examinations and/or maintenance examinations.

Identify and treat persons convicted of a sex offense's stable/acute dynamic risk factors, provide effective interventions and discuss and integrate protective factors.

- 2) Require person under supervision to complete a full sex history disclosure and to disclose all current sex offending behaviors.
- 3) Reduce person under supervision's denial and defensiveness.
- 4) Decrease and/or manage person under supervision's deviant sexual urges and recurrent deviant fantasies while increasing appropriate sexual thoughts.
- 5) Educate person under supervision about the potential for re-offending and specific risk factors.
- 6) Teach person under supervision self-management methods to avoid a sexual re-offense.
- 7) Identify and treat the person under supervision's thoughts, emotions, and behaviors that facilitate sexual re-offenses or other victimizing or assaultive behaviors.
- 8) Identify and treat person under supervision's cognitive distortions.

- deficits that are related to their potential for re-offending.
- 13) Identify and treat the effects of trauma and past victimization of person under supervision as factors in their potential for re-offending. (It is essential that person under supervision be prevented from assuming a victim stance in order to diminish responsibility for their actions).
 - 14) Identify social deficits and strengthen person under supervision's social and relationship skills, where applicable; develop and enhance healthy interpersonal and relationship skills, including communication, perspective, talking and intimacy.
 - 15) Require person under supervision to develop a written plan for preventing a re-offense; the plan should identify antecedent thoughts, feelings, circumstances, and behaviors associated with sexual offenses.
 - 16) Provide treatment or referrals for person under supervision with co-existing treatment needs such as medical, pharmacological, psychiatric needs, substance use, domestic violence issues, or disabilities.
 - 17) Maintain communication with other significant persons in the person under supervision's support systems to the extent possible to assist in meeting treatment goals.
 - 18) Evaluate existing treatment needs based on developmental or physical disabilities, cultural, language, sexual orientation, and gender identity that may require different treatment arrangements.

 - 20) (For 6032) Educate individuals who are identified as the person under supervision's support systems about the potential for re-offending and a person under supervision's specific risk factors, in addition to requiring a person under supervision to disclose critical issues and current risk factors.

Maintenance Treatment Phase:

Maintenance phase treatment is defined as treatment interventions used to help persons convicted of a sex offense adhere to their relapse prevention plan and ensure the person under supervision's dynamic risks continue to be managed appropriately. Vendors may elect to have a person utilize a "risk management plan" or "success plan" in lieu of a relapse prevention plan.

In collaboration with the supervising officer, the vendor should determine if all identified stable dynamic risk factors are mitigated and the goals and objectives of primary treatment have been successfully met. If after review, the supervising officer and the vendor are in agreement that the person under supervision has obtained the skills and ability to manage their deviant thoughts, has addressed all

identified stable dynamic risk factors or sex offense treatment goals and objectives, and has a relapse prevention plan in place, then transition from primary treatment to the maintenance phase should be considered. A transition to the Maintenance Phase could also result from the collaborative decision the person under supervision is unlikely to benefit substantially from further treatment in the Primary Treatment Phase.

Maintenance phase of treatment should motivate the person under supervision to avoid high risk behaviors related to increased risk for re-offense. Utilizing skills learned through primary treatment along with their relapse prevention (or similar) plan to function successfully with a lessened quantity of treatment. In this phase, persons under supervision have successfully addressed the underlying issues in their offending behavior and have developed skills to lead a pro-social, non-offending life.

The duration and frequency of contact between the person convicted of a sex offense and the vendor, during the *Maintenance* phase, should be determined based on the risk and needs of the individual. This contact could be as frequent as the individual requires to adhere to their relapse prevention plan (for example, monthly or quarterly sessions).

Persons convicted of a sex offense may require different levels of intervention throughout their terms of supervision. The supervising officer should view sex offense treatment on a continuum of services designed to address the acute and stable dynamic risk factors presented by the individual and not as a finite process. If at any time during the maintenance phase the person under supervision, the supervising officer or the vendor assess that the person under supervision is having difficulty effectively implementing their relapse prevention (or similar) plan, they may be moved back into primary treatment until which time the risks identified have been mitigated.

- i. The vendor shall follow notification protocols outlined in this Statement of Work under Notifying USPO/USPSO of Defendant/Person Under Supervision Behavior.
- j. Any factors that may increase risk of further sex offenses, or identified third-party risk issues, shall be immediately communicated to the USPO or follow other notification protocols outlined by the CO.
- k. Only face-to-face contacts with the person under supervision (or family) shall be invoiced, unless otherwise approved by the CO.

The vendor shall provide:

- a. A typed comprehensive treatment plan, at the onset of treatment and at least **every**

90 days. The **treatment plan** shall:

- (1) Provide for the protection of victims and potential victims and not cause the victim(s) to have unsafe and/or unwanted contact with the person under supervision.
- (2) Be individualized to meet the person under supervision's unique needs.
- (3) Identify the issues to be addressed, including multi-generational issues if indicated, the planned intervention strategies, and the goals of treatment.
- (4) Define the person under supervision's expectations of treatment, the expectations of their family (when possible) and support systems of the treatment process and address the issue of ongoing victim input (if possible).
- (5) Identify short and long-term goals the person under supervision will attempt to achieve that related to the person's risk factors, needs, and responsivity.
- (6) Include measurable objectives which relate to the achievement of corresponding goals and program requirements.
- (7) Define the type and frequency of services to be received.
- (8) Specific criteria for treatment completion and the anticipated timeframe; and
- (9) **Primary Phase:** The practitioner completes at least one actuarial risk assessment (if not already completed and available) AND at least one stable dynamic risk assessment that has been researched and demonstrated to be statistically significant in the prediction of re-offense. The government reserves the right to revoke approval of any subcontractor at any time that does not meet the requirements of this contract.

The prime contractor is responsible to the judiciary for overall performance of the services required under this contract. If any services are subcontracted, the prime contractor shall ensure that the subcontractor is complying with the requirements of this contract, including the qualifications of any personnel providing services; the possession and maintenance of all appropriate state and local licenses in compliance with state and local regulations; and the appropriate documentation demonstrating compliance with all federal, state and local fire, safety and health codes. The prime contractor shall ensure that subcontractors are not debarred, suspended, or ineligible to perform under federal contracts.

A subcontractor has no contractual rights, known as privity of contract, against the judiciary. However, the subcontractor may have rights against the prime contractor.

Upon contract termination, the contractor must, except as otherwise directed by the CO, terminate all subcontracts to the extent that they relate to performance of the work terminated.

I.3. Clause 2-90D, Option to Extend the Term of the Contract - (APR 2013)

- (a) The judiciary may extend the term of this contract by written notice to the contractor no later than 30 calendar days prior to the contract's expiration date; provided that the judiciary gives the contractor a preliminary written notice of its intent to extend at least 60 calendar days before the contract expires. The preliminary notice does not commit the judiciary to an extension.
- (b) If the judiciary exercises this option, the extended contract shall be considered to include this option clause.
- (c) The total duration of this contract, including the exercise of any options under this clause, shall not exceed 5 years.

I.4 Clause 2-90C, Option to Extend Services - (APR 2013)

The judiciary may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The contracting officer may exercise the option by written notice to the contractor no later than 30 calendar days prior to contract's current expiration date.

I.5 Clause 2-57 Protecting, Reporting, and Responding to Incidents Involving Sensitive Information - (JUN 2024)

- (a) Definitions. As used in this clause —

“Breach” means the loss of control, compromise, unauthorized disclosure, unauthorized acquisition, or any similar occurrence where an unauthorized person accesses or potentially accesses Sensitive Information, or an authorized user accesses Sensitive Information for an unauthorized purpose.

“Incident” means an occurrence that—

- (1) Actually or imminently jeopardizes, without lawful authority, the integrity, confidentiality, or availability of information or an information system; or
- (2) Constitutes a violation, or imminent threat of violation, of law, security policies, security procedures, or acceptable use policies.

“Information System” means a discrete set of information resources organized for the collection, processing, maintenance, use, sharing, dissemination, or disposition of information.

“Personally Identifiable Information (PII)” means information that can identify an individual, when used alone or with other relevant data. PII may contain direct identifiers (e.g., Social Security numbers) that can identify a person uniquely or quasi-identifiers (e.g., date of birth) that can be combined with other quasi-identifiers to successfully recognize an individual. The definition of PII is not anchored to any single category of information or technology. Examples of stand-alone PII that are particularly sensitive include: Social Security numbers (SSNs), driver's license or State identification numbers, Alien Registration Numbers (A-numbers), financial account numbers, and biometric identifiers.

“Privacy Information” means both PII and Sensitive Personally Identifiable Information (SPII).

“Sensitive Information” means any data or other information for which public disclosure, or disclosure to users without a need to know to perform their jobs, can harm individuals, the U.S. government, or private organizations. Sensitive Information includes Privacy Information and the following types of information:

- (1) Agreement Information. Information received by judiciary organizations, according to agreements with other federal, state, local, tribal, territorial, or private sector partners, that is required to be protected under the agreement with that partner or other applicable laws.
- (2) Procurement Information. Information related to procurements that is considered sensitive and is not normally shared with the public outside official processes. This includes internal information and documents related to procurements, source selection information, vendor proposals, and submitted information marked as proprietary or sensitive. This does not include the contractor’s own proposal(s) or contract(s) with the judiciary.
- (3) Information Systems Vulnerability Information (ISVI).
 - (A) Information technology (IT) systems data (e.g., systems inventories, enterprise architecture models) that reveal infrastructure used for servers, desktops, and networks; application name, version, and release; switching, router, and gateway information; interconnections and access methods; and mission or business use or need.
 - (B) Information about developing or current technology, the release of which could hinder judiciary objectives, compromise a technological advantage or countermeasure, cause a denial of service, or provide an adversary with sufficient information to clone, counterfeit, or circumvent a process or system.
 - (C) System vulnerability or weakness information that could be used to compromise the confidentiality, integrity, or availability of an information system.
- (4) Personnel Security Information. Information that could result in physical risk to judiciary personnel.
- (5) Physical Security Information. Information related to the protection of judiciary buildings, grounds, or property, including reviews or reports that illustrate or disclose facility infrastructure or security vulnerabilities. Examples include threat assessments, system security plans, security diagrams for judiciary buildings, contingency plans, risk management plans, business impact analysis studies, and certification and accreditation documentation.
- (6) Court Related Information. Sealed cases, sealed documents or other information marked as sensitive by a court. This includes Highly Sensitive Documents (HSD), which are documents or other materials that contain sensitive, but unclassified, information that warrants exceptional handling and storage procedures to prevent significant consequences from unauthorized access or disclosure.
- (7) Privileged/confidential Information. Information protected through recognized confidential relationships.
- (8) Official Business Information. Proposed budgets, draft plans or policies, other information intended only for consideration by internal decision makers or other confidential audiences.

“Sensitive Personally Identifiable Information (SPII)” is a subset of PII that if lost, compromised, or disclosed without authorization, could result in substantial harm, embarrassment, inconvenience, or unfairness to an individual.

- (1) Multiple pieces of information, when combined, may pose an increased risk of harm to the individual. SPII may consist of any grouping of information that contains an individual's name or other unique identifier, plus one or more of the following elements:
 - (A) Truncated SSN (e.g., last four digits);
 - (B) Birthdate (month, day, and year);
 - (C) Citizenship or immigration status;
 - (D) Ethnic or religious affiliation;
 - (E) Sexual orientation;
 - (F) Criminal history;
 - (G) Medical information; and
 - (H) System authentication information (e.g., mother's birth name, account passwords, personal identification numbers (PINs)).
- (2) Other PII (e.g., list of employees and their performance ratings, unlisted home address, unlisted phone number) that may present an increased risk of harm to the individual depending on its context. The context includes the purpose for which the PII was collected, maintained, and used. The same information in different contexts can reveal additional information about the impacted individual.

(b) Accessing and Protecting Sensitive Information

- (1) Contractor roles and responsibilities regarding Sensitive Information. Before the contractor shall have access to Sensitive Information, the contractor shall coordinate with the contracting officer's representative (COR) about the contractor's roles and responsibilities regarding the Sensitive Information, and how an incident or suspected incident will be handled consistent with this clause and judiciary policies and procedures. Before they may access the Sensitive Information, the contractor, their staff, and subcontractors shall complete all forms, trainings, and briefings as may be necessary for security or other reasons.
- (2) Training. Contractors that have access to Sensitive Information as part of this contract shall provide their staff with training before they access Sensitive Information, and then at least annually thereafter. The training shall comply with this clause and the training shall cover how to properly handle and safeguard judiciary Sensitive Information and how to identify and report incidents or suspected incidents regarding judiciary Sensitive Information consistent with this clause. The contractor shall provide an initial report, and then an annual report each year after that, to the COR that shows that contractor staff and any subcontractor staff working on the contract have all successfully completed such training. The Contractor shall also provide the COR confirmation that any new staff or subcontractor staff that join the contract after the contract has begun have also successfully completed such training.
- (3) Access. Contractor shall have access only to those areas of judiciary Sensitive Information resources explicitly stated in this contract or approved by the contracting officer or COR in writing, as necessary for performance of the work under this contract. Any attempts by contractor personnel to gain access to any information resources not expressly authorized by the terms and conditions in this contract, or as approved in writing by the contracting officer or COR, are strictly prohibited. If this clause is violated, the

judiciary will take appropriate actions regarding the contract and the individual(s) involved.

(4) Protection Requirements

(A) Contractor shall safeguard all Sensitive Information and shall take reasonable measures to prevent the unauthorized use, disclosure, or loss of Sensitive Information. This includes Sensitive Information in any medium or form, including electronic, oral, or paper.

(B) Contractor and their subcontractors shall safeguard Sensitive Information whether it resides on judiciary owned and operated information systems, judiciary owned and contractor-operated information systems, contractor-owned and/or operated information systems operating on behalf of the judiciary, and any situation where contractor and/or subcontractor employees may have access to Sensitive Information because of their relationship with the judiciary.

(C) Sensitive Information shall not be stored on a mobile device or portable electronic media and shall be handled with awareness of the surroundings, so that the Sensitive Information is not disclosed to unauthorized individuals. Sensitive Information shall be secured when unattended or not in use. If performance of the contract requires the contractor to access Sensitive Information on a mobile device or portable electronic media, they shall notify the contracting officer and COR and provide details on the use case required and how such use will comply with this clause and all other applicable policies and guidelines. The COR will work with the contractor and determine if such a use case is acceptable. The contractor shall not use or store Sensitive Information on a mobile device or portable electronic media until the contracting officer provides acceptance of the use case.

(D) Contractor shall encrypt Sensitive Information if the Sensitive Information is in transit or is stored outside of judiciary networks. This includes any Sensitive Information that may reside on, or transit contractor-owned or operated information systems.

(E) All Sensitive Information must be appropriately labeled, secured, and be properly returned, disposed of, or sanitized when no longer needed or at the end of the contract. See section (e) of this clause for more guidance on returning, sanitizing, and disposing of judiciary Sensitive Information.

(F) Removal. The contracting officer may require the contractor to prohibit individuals from working on the contract if the judiciary deems their initial or continued employment on the contract contrary to the public interest for any reason, including, but not limited to, carelessness, insubordination, incompetence, or security concerns.

(c) Incident Reporting Requirements

(1) Contractors and subcontractors shall report all known or suspected incidents to the Security Operations Center (SOC), which is staffed 24 hours per day, seven days per week.

(A) When reporting incidents to the SOC, contractors and subcontractors shall submit the report by:

(i) email to soc@ao.uscourts.gov with courtesy copy to the contracting officer and COR using the contact information identified in the contract, or

- (ii) phone call to 202-502-4370, in which case the contractor must notify the contracting officer and COR immediately after reporting to the SOC.
 - (B) Contractors and subcontractors shall report all known or suspected incidents involving PII or SPII within one hour of discovery. All other incidents shall be reported within eight hours of discovery.
 - (C) Subcontractors shall notify the prime contractor if they have reported a known or suspected incident to the SOC. Lower tier subcontractors shall also notify their higher tier subcontractor, until the prime contractor is reached.
- (2) The judiciary will determine whether information exposed in an unauthorized disclosure or security breach of information under the contractor's control or in an information system under the contractor's control at the time of the incident is Sensitive Information, PII, or SPII by performing an assessment of the specific risk that an individual could be identified using the exposed information with other information that is linked or linkable to the individual. Information that is not PII when considered alone can become PII or SPII whenever additional information becomes available, in any medium or from any source, that would make it possible to identify an individual. Certain data elements are particularly sensitive and may alone present an increased risk of harm to an individual. Final determination of the categorization of exposed information as Sensitive Information, PII, or SPII will be made in writing by the contracting officer.
- (3) Sensitive Information transmitted via email shall be protected by encryption. When using regular email channels, contractors and subcontractors shall not include any Sensitive Information in the subject or body of any email. The Sensitive Information shall be included as a password-protected attachment with the password provided under separate cover, including as a separate email. Recipients of Sensitive Information shall comply with any email restrictions imposed by the originator.
- (4) No incident may, by itself, be interpreted as evidence that the contractor or subcontractor has failed to provide adequate information security safeguards for Sensitive Information or has otherwise failed to meet the requirements of the contract.
- (5) If an incident involves PII or SPII, contractors and subcontractors shall also provide as many of the following data elements that are available at the time the incident is reported, with any remaining data elements provided within 24 hours of submission of the initial incident report:
- (A) Unique Entity Identifier (UEI);
 - (B) Contract numbers affected, unless all contracts by the company are affected;
 - (C) Facility CAGE code, if the location of the event is different than the prime contractor location;
 - (D) Point of contact (POC), if different than the POC recorded in the System for Award Management (address, position, telephone, and email);
 - (E) Contracting officer POC (address, telephone, and email);
 - (F) Contract clearance level;
 - (G) Name of subcontractor and CAGE code, if this was an incident on a subcontractor network;
 - (H) Government programs, platforms, or systems involved;
 - (I) Location(s) of incident;
 - (J) Date and time the incident was discovered;
 - (K) Server names where Privacy Information resided at the time of the incident, both at the

contractor and subcontractor level;
(L) Description of the government PII or SPII contained within the system; and
(M) Any additional information relevant to the incident.

(d) Incident Response Requirements

- (1) All determinations by the judiciary related to incidents, including response activities, will be made in writing by the contracting officer.
- (2) The contractor shall provide full access and cooperation for all activities determined by the government to be required to ensure an effective incident response, including providing all requested images, log files, and event information to facilitate rapid resolution of incidents.
- (3) Incident response activities determined to be required by the government may include, but are not limited to, the following:
 - (A) Inspections;
 - (B) Investigations;
 - (C) Forensic reviews;
 - (D) Data analyses and processing; and
 - (E) Revocation of the Authority to Operate (ATO), if applicable.
- (4) The contractor shall immediately preserve and protect images of known affected information systems and all available monitoring or packet capture data. The monitoring or packet capture data shall be retained for at least 180 days from submission of the incident report to allow the judiciary to request the media or decline interest.
- (5) The judiciary, at its sole discretion, may obtain assistance from other Federal agencies and/or third-party firms to aid in incident response activities.

(e) Certificate of Sanitization of Government and Government-Activity-Related Files and Information

Upon the conclusion of the contract by expiration, termination, cancellation, or as otherwise indicated in the contract, the contractor shall return all Sensitive Information to the judiciary and/or destroy it physically and/or logically as identified in the contract, unless the contract states that return and/or destruction of Sensitive Information is not required. Destruction shall conform to the guidelines for media sanitization contained in NIST SP 800–88, Guidelines for Media Sanitization. The contractor shall certify and confirm the sanitization of all government and government-activity related files and information. The contractor shall submit the certification to the COR and contracting officer following the template provided in NIST SP 800–88, Guidelines for Media Sanitization, Appendix G.

(f) Other Reporting Requirements

Incident reporting required by this clause does not rescind the contractor's responsibility for other incident reporting pertaining to its information systems under other clauses that may apply to its contract(s), or as a result of other applicable statutory or regulatory requirements, or other government requirements.

(g) PII and SPII Incident Notification Requirements

- (1) All determinations by the judiciary related to notifications to affected individuals and/or federal agencies and related services (e.g., credit monitoring) will be made in writing by the contracting officer.
- (2) No later than five business days after being directed by the contracting officer, or as otherwise required by applicable law, the contractor shall notify any individual whose PII or SPII was either under the control of the contractor or resided in an information system under control of the contractor at the time the incident occurred. The method and content of any notification by the contractor shall be coordinated with, and subject to prior written approval by, the contracting officer. The contractor shall not proceed with notification unless directed in writing by the contracting officer.
- (3) Subject to government analysis of the incident and direction to the contractor regarding any resulting notification, the notification method may consist of letters to affected individuals sent by first-class mail, electronic means, or general public notice, as approved by the contracting officer. Notification may require the contractor's use of address verification and/or address location services. At a minimum, the notification shall include:
 - (A) A brief description of the incident;
 - (B) A description of the types of PII or SPII involved;
 - (C) A statement as to whether the PII or SPII was encrypted or protected by other means;
 - (D) Steps individuals may take to protect themselves;
 - (E) What the contractor and/or the government are doing to investigate the incident, mitigate the incident, and protect against any future incidents; and
 - (F) Information identifying who individuals may contact for additional information.

(h) Credit Monitoring Requirements

The contracting officer may direct the contractor to:

- (1) Provide notification to affected individuals, as described in paragraph (g)(2).
- (2) Provide credit monitoring services to individuals whose PII or SPII was under the control of the contractor or resided in the information system at the time of the incident for a period beginning the date of the incident and extending not less than 18 months from the date the individual is notified. Credit monitoring services shall be provided from a company with which the contractor has no affiliation. At a minimum, credit monitoring services shall include:
 - (A) Triple credit bureau monitoring;
 - (B) Daily customer service;
 - (C) Alerts provided to the individual for changes and fraud; and
 - (D) Assistance to the individual with enrollment in the services and the use of fraud alerts.
- (3) Establish a dedicated call center. Call center services shall include:
 - (A) A dedicated telephone number to contact customer service within a fixed period;

- (A) have access to Sensitive Information;
- (B) have access to or handle systems containing Sensitive Information;
- (C) collect or maintain Sensitive Information on behalf of the Judiciary; or
- (D) use a subcontractor information system(s) to process, store, or transmit Sensitive Information.

(2) Any violation by a subcontractor of any of the provisions established in this clause will be attributed to the contractor.

(3) Any breach or incident, as defined in paragraph (a) (Definitions) of this clause, experienced by a subcontractor will be attributed to the contractor for the purpose of triggering contractor compliance with the requirements in paragraphs (c) (Incident Reporting Requirements), (d) (Incident Response Requirements), (f) (Other Reporting Requirements), (g) (PII and SPII Incident Notification Requirements), and (h) (Credit Monitoring Requirements) of this clause.

I.6 Clause B-5 Clauses Incorporated by Reference - (SEP 2010)

This contract incorporates one or more clauses by reference, with the same force and effect as if they were given in full text. Upon request, the contracting officer will make their full text available. Also, the full text of a clause may be accessed electronically at this address:

<http://www.uscourts.gov/procurement.aspx>

The clauses listed below are applicable to Agreements and Contracts at any value.

Clause 1-15	Disclosure of Contractor Information to the Public	AUG 2004
Clause 3-25	Protecting the Judiciary's Interest When Subcontracting with Contractors Debarred, Suspended, or Proposed for Debarment	MAR 2019
Clause 3-160	Service Contract Labor Standards	MAR 2019
Clause 3-205	Protest After Award	JAN 2003

(a) Definitions. As used in this clause –

"System for Award Management (SAM)" means the federal government owned and operated free website that replaced the Central Contractor Registration (CCR) and is the primary government repository for contractor information required for the conduct of business with the government.

Unique entity identifier (UEI) means a number or other identifier used to identify a specific commercial, nonprofit, or Government entity. See www.sam.gov for the designated entity for establishing UEI.

"Registered in the SAM database" means that –

- (1) The contractor has entered all mandatory information, including the UEI, into the SAM database; and
 - (2) The government has validated all mandatory data fields, to include validation of the Taxpayer Identification Number (TIN) with the Internal Revenue Service (IRS), and has marked the record "Active". The contractor will be required to provide consent for TIN validation to the government as a part of the SAM registration process.
- (b) (1) By submission of an offer, the offeror acknowledges the requirement that a Prospective awardee shall be registered in the SAM database prior to award, during performance, and through final payment of any contract, basic agreement, basic ordering agreement, or blanket purchasing agreement resulting from this solicitation.
- (2) The offeror shall enter, in the block with its name and address on the cover page of its offer, the annotation "Unique Entity Identifier" followed by the UEI that identifies the offeror's name and address exactly as stated in the offer. The UEI will be used by the contracting officer to verify that the offeror is registered in the SAM database.
- (c) If the offeror does not have a UEI, it may obtain one at SAM.gov. The offeror should be prepared to provide the following information:
- (1) company legal business name;
 - (2) tradestyle, doing business, or other name by which your entity is commonly recognized;
 - (3) company physical street address, city, state and ZIP code;
 - (4) company mailing address, city, state and ZIP code (if different from physical);
 - (5) company telephone number;
 - (6) date the company was started;
 - (7) number of employees at your location;
 - (8) chief executive officer/key manager;
 - (9) line of business (industry);
 - (10) company headquarters name and address (reporting relationship within your entity).

- (d) If the offeror does not become registered in the SAM database within the time prescribed by the contracting officer, the contracting officer will proceed to award to the next otherwise successful registered offeror.
- (e) Processing time, which normally takes 48 hours, should be taken into consideration when registering. Offerors who are not registered should consider applying for registration immediately upon receipt of this solicitation.
- (f) The contractor is responsible for the accuracy and completeness of the data within the SAM database, and for any liability resulting from the government's reliance on inaccurate or incomplete data. To remain registered in the SAM database after the initial registration, the contractor is required to review and update on an annual basis from the date of initial registration or subsequent updates its information in the SAM database to ensure it is current, accurate and complete. Updating information in the SAM does not alter the terms and conditions of this contract and is not a substitute for a properly executed contractual document.
- (g) Change of Name and Novation Agreements:
 - (1) If a contractor has legally changed its business name, "doing business as" name, or division name (whichever is shown on the contract), or has transferred the assets used in performing the contract, but has not completed the necessary requirements regarding novation and change-of name agreements, the contractor shall provide the responsible contracting officer a minimum of one business day's written notification of its intention to:
 - i. Change the name in the SAM database;
 - ii. comply with the requirements of Guide to Judiciary Policy, Vol. 14, § 745.55; and
 - iii. agree in writing to the timeline and procedures specified by the responsible contracting officer. The contractor must provide with the notification sufficient documentation to support the legally changed name.
 - (2) If the contractor fails to comply with the requirements of paragraph (g)(1) of this clause, or fails to perform the agreement at paragraph (g)(1)(iii) of this clause, and, in the absence of a properly executed novation or change-of-name agreement, the SAM information showing the contractor to be other than the contractor indicated in the contract will be considered to be incorrect information within the meaning of the "Suspension of Payment" paragraph of the electronic funds transfer (EFT) clause of this contract.
- (h) Assignment of Claims The contractor shall not change the name or address for EFT payments or manual payments, as appropriate, in the SAM record to reflect an assignee for the purpose of assignment of claims. Assignees shall be separately registered in the SAM database. Information provided to the contractor's SAM record that indicates payments, including those made by EFT, to an ultimate recipient other than the contractor will be considered to be incorrect information within the meaning of the "Suspension of payment" paragraph of the EFT clause of this contract.

- (i) Offerors and contractors may obtain information on registration and annual confirmation requirements via the internet at <http://www.SAM.gov> or by calling 1-866-606-8220 or at <http://www.FSD.gov>.

Form Disclosure

This Model Sex History Disclosure Polygraph Questionnaire (“Model Policy Questionnaire”) was prepared by the American Polygraph Association’s (APA) Post Conviction Sex Offender Committee (PCSOT Committee) and approved by the APA Board of Directors on August 26, 2023. The PCSOT Committee endeavored to incorporate in this Model Policy Questionnaire the most current information and contemporary professional judgment on this issue. However, no “model” policy or “model” questionnaire can meet all the needs of any given agency, polygraph examiner, or other sex offender team member (sex offender team). While this Model Policy is provided to assist in standardizing and promoting the effectiveness of the Sexual History Exam each sex offender team operates in a unique environment of federal court rulings, state laws and court rulings, local ordinances, regulations, and administrative decisions. In addition to these considerations, the formulation of specific sex offender team policies and questionnaires should consider local political and community perspectives and customs, prerogatives and demands; divergent strategies and philosophies; and the impact of varied resource capabilities, unique circumstances of the sex offender, among other factors.

This Model Policy Questionnaire is informational and not intended as professional, legal, or other advice or as a substitute for advice from a professional or attorney. If you require professional, legal, or other advice about the subject of this Model Policy Questionnaire, you should seek the services of a professional or attorney in your jurisdiction.

The APA disclaims all liability to any party for any direct, indirect, implied, punitive, special, incidental, or other consequential damages arising directly or indirectly from any use of this Model Policy Questionnaire.

Information for Treatment and Supervision Team Members

This Model Sex History Disclosure Polygraph Questionnaire is provided to assist convicted persons, treatment providers, supervising officers and polygraph professionals to increase the standardization and effectiveness of the Sexual History Exam (SHE), as described in the APA Model Policy for Post Conviction Sex Offender Testing. The SHE is a screening polygraph used to investigate the veracity of a convicted persons' self-reported history of involvement, in uncharged or unreported sexual offense behaviors and sexual behaviors that may be indicators of sexual compulsivity, sexual pre-occupation, or sexual deviancy. The SHE should be used when a referring professional wants to investigate a convicted person's lifetime history of uncharged/unreported sexual offense behaviors. The SHE is conducted on persons convicted of sexual offenses, in the absence of any allegation or incident other than the crime of conviction or other known historical convictions. Polygraph testing via the SHE is not intended to investigate reportable crime information and should not be interpreted as deterministic or infallible. Instead, test results can be thought of as categorical conclusions based on the probabilistic strength of information or margin of uncertainty along with the stated tolerance for risk of error.

Behavioral targets should be selected in collaboration with the referring professional for their operational relevance to risk assessment, risk management and treatment planning. Target questions may include behaviors related to the selection of, access to, control or silencing of, and impact on abused persons. Target issues may also include non-contact sexual offense behaviors, as well as behaviors related to grooming, manipulation, use of violence, physical force, restraint, threats of harm, and building or exploiting relationships as a means of gaining access to others for sexual abuse. Target issues may also provide information about involvement or non-involvement in behaviors that may be indicative of sexual compulsivity or preoccupation. Although it is unrealistic to attempt to test and fully resolve every possible sex history target, or to assume that it is possible to know everything about a convicted person's entire lifetime of sexual behavior, the SHE commonly addresses a range of different target behaviors that are interpreted with an assumption of independence. In other words, the SHE is a multiple issue test, subject to the advantages and limitations of omnibus analysis. The SHE can also be conducted as a narrowly focused single-issue exam, or as a series of single-issue exams. Validated polygraph test formats can be used with two to four relevant target issues.

Examiners should familiarize themselves with the types of sexual behavior that play an important role in sex offense risk assessment and sex offense treatment. Some sexual behaviors, for example, may be indicative of sexual compulsivity or preoccupation for which the actual number of incidents, for those who admit these behaviors, may not add additional information – though such test questions may be useful with convicted persons who substantially deny any involvement in those behaviors.

Information and results from these examinations are intended to assist in risk assessment, risk management and treatment planning. The goal of these polygraph examinations is not to identify prosecutable crimes, but to obtain information about an individual's sexual attitudes and behaviors, and to help clarify whether a person has a history of acting on particular sexual interests, desires, or patterns of problematic sexual behavior. For persons who have not engaged in particular behaviors, the goal is to establish a basis of evidence to support professional conclusions to accept the veracity of the individual's statements. Information and results from these examinations should be reported only to the professional members of the supervision or treatment team unless otherwise directed by law.

Information for Examinees

Information requested in this Sex History Disclosure Polygraph Questionnaire is intended to help your treatment and supervision team members with treatment planning, risk assessment tasks, and risk management goals. Do not provide any identifying information of uncharged sexual behavior such as; dates, location, relationship, or any other information that reveals the identity of another person. Something that is “uncharged” is a behavior you have not been convicted of. Examples of this may include (but are not limited to) a sexual behavior where you plead to a non-sexually related crime, a sexual behavior that led to a violation instead of a new conviction, the sexual behavior qualified for youthful offender status, and/or deferred sentencing such as accelerated rehabilitation. However, you are requested to be truthful and honest about your history of sexual behavior patterns. The information and forms in this Sexual History document are designed to help you to be truthful and successful. Refer to the included Operational Definitions and talk to your treatment and supervision team members for information if you have any difficulty understanding the information or these instructions. Truthfulness about your sexual history may be viewed as a milestone or indicator of engagement and progress in treatment.

Directions:

1. Complete every page (every form) even if you have nothing to report. If you have nothing to report about a particular behavioral question simply state that on the form, or cross out the form, and then sign and date the form. If someone assisted you in completing each form, have them write their name at the bottom of each form.
2. **Do not** include personal identifying information for any other person. This includes:
 - a. Their name,
 - b. Relationship to you (such as identifying children, nieces, grandparents, etc.).
 - c. The exact dates of a behavior or incident,
 - d. The exact location or jurisdiction where a behavior or incident occurred, and
 - e. Other identifying information.
3. When completing the forms, please include only the information requested (i.e., age of the other person, gender of the other person, if they were related to you or not, if you knew the person more or less than 24 hours, etc.)
4. If you do not understand any information requested, you may write or indicate that on the form. Then sign and date the form.
5. If you prefer to discuss the information with your treatment provider or with your supervising officer before completing each form, or during the polygraph interview you may write or indicate that on the form. Then sign and date the form.
6. The timeframe of interest to your Sex History Polygraph is your entire lifetime. However, your treatment and/or supervision team member may provide you with individualized instruction or guidance about how to complete the Sex History Disclosure Polygraph Questionnaire which may include a different time frame.
7. Complete all of the sexual behavior forms first. Again, do not put any other person’s personal identifying information on these forms. There are four sections in the Sexual History Document: Personal Sexual History, Sexual Offense Behaviors, Non-Contact Sexual Offense Behaviors, and Viewing Nudity/Pornography/Erotica/Sexual Stimulating Image.
8. Complete the summary forms for the first 2 after you have completed the sexual behavior forms.

Please talk with your treatment and supervision team member if you have any difficulty understanding the information. You are not required to provide identifying and reportable information about unknown crimes.

Operational Definitions

From Section 6.0 of the Post Conviction Sex Offender Testing (PCSOT) Model Policy

Every behavior of concern to the multi-disciplinary supervision and treatment team is anchored by an operational definition. Experience has shown that all of these behaviors can be discussed without disclosing personally identifiable or reportable information.

- A. **Physical sexual contact:** refers to rubbing or touching another person's sexual organs (i.e., breasts, buttocks, genitalia) whether over or under clothing, for the purpose of sexual arousal, sexual gratification, sexual stimulation or sexual "curiosity." This includes having, allowing, or causing another person to rub or touch one's own sexual organs, whether over or under clothing. This does not include medical care with adults or children, or parental contact with children's private areas in the form of diapering, wiping, bathing, dressing, or changing, unless done for the purpose of sexual arousal or stimulation.
- B. **Non-contact sexual behavior:** refers to sexual behaviors such as exhibitionism, voyeurism, public masturbation, child pornography, or other sexual behaviors that are unlawful but do not involve physical contact.
- C. **Sexual contact:** any form of contact with an individual for the purpose of sexual arousal, sexual gratification, sexual stimulation or sexual "curiosity."
- D. **Force (real or implied violence):** any form of real or implied violence, including for sexual arousal, physical restraint to prevent a victim from leaving, escaping, or moving away from the assault, or threats of harm to a victim's family members or pets. Force/restraint may also include alcohol or drug use in a manner that deprives a person of an ability to consent.
- E. **Coercion (non-violent):** any non-violent means to gain compliance of a victim who expresses his or her reluctance to comply (e.g., bribery, threats to embarrass or end a relationship, etc.). Coercion may also include using or providing alcohol or drugs in a manner that influences a person's thoughts, choices and behavior in ways that would differ from those when not under the influence.
- F. **Grooming (child grooming):** any means of building trust or exploiting a relationship; this could include befriending family members to gain access to a child which could allow the victim to surmise a perception of complicity, this also applies to internet-based behaviors.
- G. **Manipulation:** any means of trickery to gain the compliance of a victim who is unaware of the sexual motives of the offender (e.g., wrestling, horseplay, tickling and similar behaviors).
- H. **Relative (family member):** any person related by blood, marriage, or adoption, or where a relationship has a legal status. Also include persons for whom there was the appearance of a family relationship (e.g., dating or live-in relationship with the person(s) natural, step or adoptive parent).
- I. **Minor, child, youth, and underage person:** includes any person defined by local laws and legislature as being below the age of consent to engage in sexual behavior.
- J. **Incidental contact:** refers to any brief, unanticipated or unplanned contact, greeting (e.g., waving, or smiling), interaction (i.e., verbal), or incidental physical contact (e.g., shaking hands, hugging, patting the head, bumping into, exchanging money or merchandise, etc.).
- K. **Physical contact:** includes shaking hands, hugging, patting the back or head, bumping into, exchanging money or merchandise along with other forms of physical contact including sitting on one's lap, holding, wrestling or athletic activities, etc.

- L. **Unapproved contact with minors:** any contact or activity with minors that goes against the examinee's agreement with treatment, probation, or parole (whether state or federal). This may include a variety of restricted behaviors that vary for individuals, including being alone with a minor, non-sexual physical contact, and/or other interactions.
- M. **Alone/unsupervised contact with minors:** interaction, activity or contact with minors in any context which takes place in the absence of someone approved by treatment and/or supervision to supervise this contact.
- N. **Approved Supervisor:** an individual who the supervision and/or treatment team has agreed can supervise contact between the examinee and a minor.
- O. **Pornography:** the explicit depiction of sexual subject matter for the purpose of sexually arousing the viewer, sometimes referred to as X-rated or XXX material, though there is no formal rating system.
- P. **Child Sexually Explicit Material (CSEM)/Indecent Images of Children (IIOC):** any visual depiction of sexually explicit conduct involving a minor (someone under 18). May include videos, digital or computer-generated images indistinguishable from an actual minor, and images created, adapted, or modified, but appear to depict an identifiable, actual minor. Undeveloped film or videotape, and electronically stored data that can be converted into a visual image. (USCC.Gov, 2021)
- Q. **Sexually stimulating materials/erotica:** the use of sexually arousing imagery, especially for masturbation purposes.
- R. **Sexual thought:** thoughts or patterns of thoughts, often in the form of mental imagery with the goal of creating or enhancing sexual arousal or sexual feelings.
- S. **Sexual Fantasy/Erotic fantasy:** can be a developed or spontaneous story, or a short mental flash of sexual imagery. This differs from a sexual thought by length and narrative complexity. Short sexual thoughts often lead into a sexual fantasy.
- T. **Masturbation:** refers to sexual stimulation of one's genitals, often, though not always, to the point of orgasm. Stimulation can be over or under clothing, either manually or through other types of bodily contact, through the use of objects or devices, or through a combination of these methods. Although masturbation with a partner is not uncommon, masturbation for the purpose of this Model Policy refers to self-masturbation.

Additional Definitions (not included in the PCSOT Model Policy)

- A. **Use of technology for sexual purposes:** refers to smart-phones, tablets, computers, gaming devices, smart TVs, computers and other electronic devices that were used for sexual purposes including masturbation or contacting/interacting with other persons for sexual purposes.
- B. **Uncharged Sexual Behavior:** refers to behavior you have not been convicted of. Examples of this may include (but are not limited to) a sexual behavior where you plead to a non-sexually related crime, a sexual behavior that led to a violation instead of a new conviction, the sexual behavior qualified for youthful offender status, and/or deferred sentencing such as accelerated rehabilitation.

L.1. GENERAL INSTRUCTIONS FOR PROPOSALS

Request for Proposals

This Request for Proposal consists of Sections A through M.

Section A - Solicitation/Offer/Acceptance Form, AO 367

In Section A, page 1 is the **Solicitation/Offer/Acceptance**. The Offeror must fill out the following blocks on the form:

- (1) Block 8, as instructed on the form.
- (2) Block 10, acknowledgment of amendments.
- (3) Block 11, name and address of Offeror.
- (4) Block 12, telephone number.
- (5) Block 13, name and title of person authorized to sign the offer.
- (6) Block 14, signature of Offeror (this shall be signed by a representative authorized to commit the Offeror to contractual obligations. Signature can be electronic or physical.).
- (7) Block 15, date signed.

Section B - Submission of Prices

(1) Services

The Offeror must provide a price for each identified project code (with the exception of actual cost or administrative fees).

(2) Prices

The prices submitted must reflect the requirements of the Statement of Work for each project code requested as well as all terms and conditions of the contract that relate to that service item. Note: the fiscal year for the federal Government begins on October 1 of one calendar year through September 30 of the next. Pricing shall include the base fiscal year, as well as pricing for each fiscal option year.

(3) **Acceptable Responses**

(a) **Unit Price**

Sliding price scales will not be accepted by the Government. The price will reflect the unit as defined in Section B and the Statement of Work for each project code.

(b) **"N/C" = No Charge**

For any item that the Offeror will provide without charge or without additional charge, the Offeror shall insert "N/C" in the Unit Price column of Section B.

When formulating pricing for services, the Offeror should consider incorporating the cost of "No-shows" into the proposed unit price. A "No-show" occurs when a defendant/person under supervision does not report for scheduled services and/or does not cancel with at least 24 hours advance notice.

(4) **Estimated Monthly Quantity**

The figures provided in the Estimated Monthly Quantity column of Section B are estimates of the frequency that the services will be required. Estimated Monthly Quantities are based on the specific unit indicated within the project code. (For example, if one unit is equal to thirty minutes at a unit rate of \$10, but the service provided is ninety minutes, that would equate to three units of the service for a total cost of \$30. Within Section B, the Offeror shall include the pricing based on the unit indicated). *These figures are estimates only and the government is not bound to meet these estimates.* Note that if the government awards to multiple Offerors, the Estimated Monthly Quantities would be spread amongst the multiple Offerors; however, the government is not required to award to multiple Offerors, even if indicated in Section B. An Offeror should be prepared to provide the full amount of Estimated Monthly Quantities reflected. If the Offeror is unable to provide the full amount of Estimated Monthly Quantities, the Offeror must expressly state this within its proposal and provide the reasoning behind it, as well as indicate the volume of services the Offeror would be capable of providing.

Proposal Submission

Proposals are due by the Date and Time specified in Section A Block 6 of the Solicitation/Offer/Acceptance. *Proposals shall be e-mailed to the person designated in Block 4 and/or 5 of Section A, Solicitation/Offer/Acceptance.* All e-mail submissions must reference in the subject line, the Solicitation # indicated in Section A, Block 1 of the Solicitation/Offer/Acceptance. Note: references should not include current USPO/USPSO employees, or other U.S. Courts employees. Provide the name, agency and title, phone number and e-mail address for the contact person. It is the responsibility of the Offeror to notify references the government reserves the right to contact any reference and consider the information provided as part of its responsibility determination.

L.2 Provision 3-100, Instructions to Offerors - (APR 2013)

- (a) *Definitions* As used in this provision:
"Discussions" are negotiations that occur after establishment of the competitive range that may, at the contracting officer's discretion, result in the Offeror being allowed to revise its offer.
In writing, "writing," or "written" means any worded or numbered expression that can be read, reproduced, and later communicated, and includes electronically transmitted and stored information.
"Offer modification" is a change made to an offer before the solicitation's closing date and time, or made in response to an amendment, or made to correct a mistake at any time before award.
"Offer revision" is a change to an offer made after the solicitation closing date, at the request of or as allowed by a contracting officer as the result of negotiations.
"Time," if stated as a number of days, is calculated using calendar days, unless otherwise specified, and will include Saturdays, Sundays, and legal holidays. However, if the last day falls on a Saturday, Sunday, or legal holiday, then the period will include the next working day.
- (b) *Amendments to solicitations* If this solicitation is amended, all terms and conditions that are not amended remain unchanged. Offerors shall acknowledge receipt of any amendment to this solicitation by the date and time specified in the amendment(s). An Offeror's failure to acknowledge amendments affecting price, quantity, quality or delivery may result in the Offeror's proposal being determined unacceptable where award is made without discussions.
- (c) *Submission, modification, revision, and withdrawal of offers*
- (1) The first page of the offer shall show:
 - (i) the solicitation number;
 - (ii) the name, address, and telephone and facsimile numbers of the Offeror (and electronic address if available);
 - (iii) a statement specifying the extent of agreement with all terms, conditions, and provisions included in the solicitation and agreement to furnish any or all items upon which prices are offered at the price set opposite each item;
 - (iv) names, titles, and telephone and facsimile numbers (and electronic addresses if available) of persons authorized to negotiate on the Offeror's behalf with the judiciary in connection with this solicitation; and
 - (v) name, title, and signature of person authorized to sign the offer. Offers signed by an agent shall be accompanied by evidence of that agent's authority, unless that evidence has been previously furnished to the issuing office.
 - (2) *Submission, modification, revision, and withdrawal of offers*

- (i) Offerors are responsible for submitting offers, and any modifications or revisions, so as to reach the judiciary office designated in the solicitation by the time specified in the solicitation. If no time is specified in the solicitation, the time for receipt is 4:30 p.m., local time, for the designated judiciary office on the date that offer or revision is due.
 - (ii) (A) Any offer, modification, or revision received at the judiciary office designated in the solicitation after the exact time specified for receipt of offers is "late" and will not be considered unless it is received before award is made, the contracting officer determines it's in the judiciary's best interest, the contracting officer determines that accepting the late offer would not unduly delay the procurement, and:
 - (1) if it was transmitted through an electronic commerce method authorized by the solicitation, it was received at the initial point of entry to the judiciary infrastructure not later than 5:00 p.m. one working day prior to the date specified for receipt of offers; or
 - (2) there is acceptable evidence to establish that it was received at the judiciary installation designated for receipt of offers and was under the judiciary's control prior to the time set for receipt of offers; or
 - (3) it is the only offer received.
 - (ii) (B) However, a late modification of an otherwise successful offer that makes its terms more favorable to the judiciary, will be considered at any time it is received and may be accepted.
 - (iii) Acceptable evidence to establish the time of receipt at the judiciary installation includes the time/date stamp of that installation on the offer wrapper, other documentary evidence of receipt maintained by the installation, or oral testimony or statements of judiciary personnel.
 - (iv) If an emergency or unanticipated event interrupts normal judiciary processes so that offers cannot be received at the office designated for receipt of offers by the exact time specified in the solicitation, and urgent judiciary requirements preclude amendment of the solicitation, the time specified for receipt of offers will be deemed to be extended to the same time of day specified in the solicitation on the first work day on which normal judiciary processes resume.
 - (v) Offers may be withdrawn by written notice received at any time before award. Oral offers in response to oral solicitations may be withdrawn orally. If the solicitation authorizes facsimile offers, offers may be withdrawn via facsimile received at any time before award, subject to the conditions specified in Provision 3-115, "Facsimile Offers." Offers may be withdrawn in person by an Offeror or an authorized representative, if the identity of the person requesting withdrawal is established and the person signs a receipt for the offer before award.
- (3) Offerors shall submit offers in response to this solicitation in English and in U.S. dollars.
 - (4) Offerors may submit modifications to their offers at any time before the solicitation closing date and time, and may submit modifications in response to an

amendment, or to correct a mistake at any time before award.

- (5) Offerors may submit revised offers only if requested or allowed by the contracting officer.
- (6) Offers may be withdrawn at any time before award. Withdrawals are effective upon receipt of notice by the contracting officer.
- (d) *Offer expiration date* Offers in response to this solicitation will be valid for the number of days specified on the solicitation cover sheet (unless a different period is proposed by the Offeror).
- (e) *Restriction on disclosure and use of data* Offerors that include in their offers data that they do not want disclosed to the public for any purpose, or used by the judiciary except for evaluation purposes, shall:

- (1) mark the title page with the following legend:

This offer includes data that shall not be disclosed outside the judiciary and shall not be duplicated, used, or disclosed-in whole or in part-for any purpose other than to evaluate this offer. If, however, a contract is awarded to this Offeror as a result of-or in connection with-the submission of this data, the judiciary shall have the right to duplicate, use, or disclose the data to the extent provided in the resulting contract. This restriction does not limit the judiciary's right to use information contained in this data if it is obtained from another source without restriction. The data subject to this restriction are contained in sheets [*insert numbers or other identification of sheets*]; and

- (2) mark each sheet of data it wishes to restrict with the following legend:

Use or disclosure of data contained on this sheet is subject to the restriction on the title page of this offer.

(f) *Contract award*

- (1) The judiciary intends to award a contract or contracts resulting from this solicitation to the responsible Offeror(s) whose offer(s) represents the best value after evaluation in accordance with the factors and subfactors in the solicitation.
- (2) The judiciary may reject any or all offers if such action is in the judiciary's interest.
- (3) The judiciary may waive informalities and minor irregularities in offers received.
- (4) The judiciary intends to evaluate offers and award a contract without discussions with Offerors (except clarifications). Therefore, the offeror's initial offer shall contain the Offeror's best terms from a price or price and technical standpoint. The judiciary reserves the right to conduct discussions if the contracting officer later determines them to be necessary. If the contracting officer determines that the number of offers that would otherwise be in the competitive range exceeds the number at which an efficient competition can be conducted, the contracting officer may limit the number of offers in the competitive range to the greatest number that will permit an efficient competition among the most highly rated offers.
- (5) The judiciary reserves the right to make an award on any item for a quantity less than the quantity offered, at the unit price or prices offered, unless the Offeror specifies otherwise in the offer.
- (6) The judiciary reserves the right to make multiple awards if, after considering the additional administrative prices, it is in the judiciary's best interest to do so.
- (7) Exchanges with Offerors after receipt of an offer do not constitute a rejection or counteroffer by the judiciary.
- (8) The judiciary may determine that an offer is unacceptable if the prices proposed are materially unbalanced between line items or sub-line items. Unbalanced pricing exists when, despite an acceptable total evaluated price, the price of one or more contract line items is significantly overstated or understated as indicated by the application of price or price analysis techniques. An offer may be rejected if the contracting officer determines that the lack of balance poses an unacceptable risk to the judiciary.
- (9) If a price realism analysis is performed, price realism may be considered by the source selection authority in evaluating performance or schedule risk.
- (10) A written award or acceptance of offer mailed or otherwise furnished to the successful Offeror within the time specified in the offer shall result in a binding contract without further action by either party.
- (11) The judiciary may disclose the following information in post-award debriefings to other Offerors:
 - (i) the Overall evaluated price or price and technical rating of the successful Offeror;

- (ii) the overall ranking of all Offerors, when any ranking was developed by the judiciary during source selection;
- (iii) a summary of the rationale for award; and
- (iv) for procurements of commercial items, the make and model of the item to be delivered by the successful Offeror.

The Government will determine Total Evaluated Price for required services by using the following formula:

- (a) Determining Total Evaluated Price -- Multiply the Estimate Monthly Quantity (EMQ) by 12 months to get a Yearly Quantity. Multiply that figure by the unit Price offered to arrive at the Total Evaluated Price for that project code. Yearly prices of project codes are totaled to arrive at Total Evaluated Price for each offeror.
- (b) Project codes that are offered at “N/C” or No Charge, will be evaluated in the Life of Agreement comparison by entering \$0.00 for the unit price.
- (c) Project codes that are reimbursable at actual prices or at a travel regulation rate are not considered in the price comparison.

- (e) Total Evaluated Price (TEP) shall be rank ordered to show the lowest TEP.

M.5 Provision 2-85A Evaluation Inclusive of Options (JAN 2003)
